

New website online

22.05.2014 22:00:00 | Max Muster | 1 Comments

Nowadays it's important to present your company in the internet. The web presence has to be modern and pleasant. Furthermore the website should include a lot of applications.

This website project is now based on the Contrexx web content management system, which contains all important applications that a modern website needs these days. The content and applications are absolutely easy to manage, therefore you can present always an up-to-date website to your customers.

Super Website

Ich wollte nur kurz mitteilen, dass mir diese neue Website sehr gut gefällt. Kompliment an alle Beteiligten!

Grüsse, Frau Muster
